KIP WIGHTMAN CO-HOSTS NOVA 106.9'S BREAKFAST SHOW, ASH, KIP & LUTTSY

Kip wakes up Brisbane every weekday from 6am-9am as part of the Nova 106.9 Breakfast Team.

Kip has been in the radio industry for 20 years and is hugely respected for his ability to connect with an audience.

Kip got his start in radio as an announcer/copywriter at Northwest in Karratha, Western Australia in 1994 and then secured a gig as the late night announcer with Sunshine FM in Perth in 1995. Kip spent another year behind the mic doing nights at 92.9FM but soon swapped his PM lifestyle for an AM alarm when Kip accepted the role of breakfast anchor with 97.3FM in Mandurah in 1997.

After a year of early starts, Kip was lured back to the city by 96FM, becoming their Top 30 co-host and Perth's highest rating night show for three years running. Relocating to Sydney in 2001, Kip took up the role as afternoon announcer at Nova 96.9 in Sydney and was the first Nova announcer to debut their show at number one at launch; and enjoyed continued ratings success for nearly four years running.

In 2004 a team in Brisbane were busy building a brand new Nova radio station from scratch and lobbied Kip to come home to Queensland to anchor the new breakfast team.

Kip soon joined Ash Bradnam, Meshel Laurie and David 'Luttsy' Lutteral at the Nova 106.9 desk, achieving another career milestone when the station launched at number one for their target demo and their show quickly became Brisbane's favourite breakfast team.

The travel bug bit in 2010 which saw Kip swap hemispheres for a gig with Mix FM in Boston, Massachusetts. When he returned to Brisbane a year later, Kip took up a position with 97.3FM Brisbane as their afternoon announcer.

When the opportunity arose in 2012 for Kip to re-join Nova 106.9 at the breakfast desk with Ash and Luttsy, the city celebrated the return of these familiar friends and Nova 106.9 is once again Brisbane's favourite FM breakfast team.
